Unit 3 My World Hobbies

1 Read, Think, and Circle

Read about Simon Wang. Circle the activities that you think are his hobbies.

Simon Wang's Week

Simon Wang has a busy life. He goes to the gym three times a week to keep fit. He often runs, but he doesn't enjoy it. He likes to swim, but there is no pool at his gym. He rides his bicycle to work every day.

At home, Simon must clean his apartment and look after his dog, Ronald. He feeds Ronald in the morning and evening and takes him for a walk. He likes to teach Ronald tricks, and now Ronald can jump up and turn around to get treats. On the weekends, Simon likes to go to the airport to look at planes. He knows the names of all the different planes, and even how big they are!

Simon likes to draw pictures of Ronald. He practices every night, and the drawings are getting better. It's hard to draw a dog that runs around a lot! After he finishes drawing, Simon goes to bed early. He thinks it's important to get enough sleep.
